

Gondia Education Society's
Dhote Bandhu Science College, Gondia
Incubation Cell
REPORT

2017-18

An Incubation Cell was established in the college in presence of Principal on 19/03/2018. In the first meeting of Incubation Cell the know-how of working of this cell was discussed among the members of Incubation Cell.

Glimpses of first meeting of Incubation Cell

SUGGESTION VIDEO COMPETITION- YUVAMAHASAMVAAD

To promote youth inclusion in active citizenship & governance and to nurture the oratory skill. Students were motivated to participate in the suggestion video competition Yuvamahasamvaad organized by ACT. It is the biggest digitally structured platform enabling the youth to raise crucial questions, voice opinions, and deliberate with the decision makers on critical socio-economic challenges in Maharashtra. In this event out of 8 videos two videos made it to top 50 position.

- Rishabh S. Bhadupote- Promoting Entrepreneurship
- Drishti R. Singh- Promoting Entrepreneurship
- Appreciation E-mails were received to the achievers from Team ACT.

SPEAK FOR INDIA A DISTRICT LEVEL DEBATE COMPETITION

To encourage young, dynamic and enthusiastic minds to raise their voice on pertinent issues and play the role of change maker in society along with nurturing the oratory skill of students, they were motivated to participate in an Intercollegiate Debate Competition, 'Speak for India' was jointly organized by Times of India, Maharashtra Times and Federal Bank at D. B. Science College Auditorium on 9th October, 2018. Speak for India is an initiative by Federal Bank in association with The Times of India Group and Maharashtra Times to encourage young, dynamic and enthusiastic minds across the nation to raise their voice on pertinent issues and play the role of change maker in society.

Mr. Ram Lalwani has started his own Milife Classes

Incubatee Mr. Ram Lalwani founded Milife Classes on **01/04/2019** in which life skills are taught to students with the aim of taking positive step towards improving Indian Education System (<https://youtu.be/tOeez6FBWHE>).

<http://milifeclasses1.business.site>

MILIFE CLASSES

Learning Lessons of Life...

Dear Sir,

There is always a need of small support that could help accomplishing a big dream. Incubation Centre of D. B. Science College is such a support for me.

It's about 1 year ago when being an Incubatee I told Prof. Sneha Jaiswal, Coordinator of Incubation Centre my aim and plan that I want to commence a type of Class where students will be taught to learn the lessons of life. They felt this task as theirs and in no time conveyed this message to the Chairman of Incubation Centre, Principal Dr. Anjan Naidu. He not only inspired me but also helped in transforming my dream, my plan into the reality.

Today with their help and family's support, we, team Milife, are able to create one of the best classes in the town. This is Milife Classes where students learn in such a way that in future they will be happier and successful in their life. And I believe this is the purpose that real education must have.

Thank you.

Yours faithfully,

Ram Lalwani

2019-20

MOTIVATION IN STUDENT INDUCTION PROGRAM

During Students Induction Program (Swagatutsav) innovative ideas and suggestions were invited from the students which can be transformed into reality in the form of Project. Also, students were asked to be a member of Innovation Ecosystem.

MOU WITH MCED

On 9th December, 2020, Maharashtra Center for Entrepreneurship Development (MCED), an Autonomous Society working under Directorate of Industries, Government of Maharashtra and Dhote Bandhu Science College, Gondia have signed an MoU for Entrepreneurship Training and Research. This MoU will facilitate students of Incubation Center and B.Voc. to start their own business venture.

RICE HUSK WATER FILTER

Rice Husk Water Filter

Ms. Tasneem Kausar Qureshi student of B.Sc. Sem IV Biotechnology designed an **Household Water Filter for Rural Areas** to treat the surface water to a drinkable quality to prevent causality in houses in rural areas due to water borne diseases , we designed low cost , effective water filter using agricultural waste material “ rice husk” having great absorption properties and abundantly available in this area. This Project was guided by Prof. S. P. Timande, Head, Department of Microbiology & Prof. Sneha Jaiswal, Coordinator, Incubation Cell. This Project was presented in Raman Festival of Science and a research festival Avishkar.

SPEAK FOR INDIA A DISTRICT LEVEL DEBATE COMPETITION

In collaboration with Times of India Group, Maharashtra Times and Federal Bank Speak for India – India's biggest Intercollegiate Debate Contest was organized at college auditorium of Dhote Bandhu Science College, Gondia, the venue partner for the event on 5th August, 2019. Dr. Dilip Jena, Head, Department of English and Dr. S. B. Juneja Banerjee of Department of Zoology were the jury.

In this competition, many students from various colleges took part and debated on a wide range of contemporary topics. Mr. Ashish Ladhani of B. Sc. First Year and Ms. Neha Hume of B. Sc. Final Year of Dhote Bandhu Science College, Gondia were selected for the Zonal Round of the Competition along with four other students.

Glimpses:

ALCOHOL BASED HAND SANITIZER

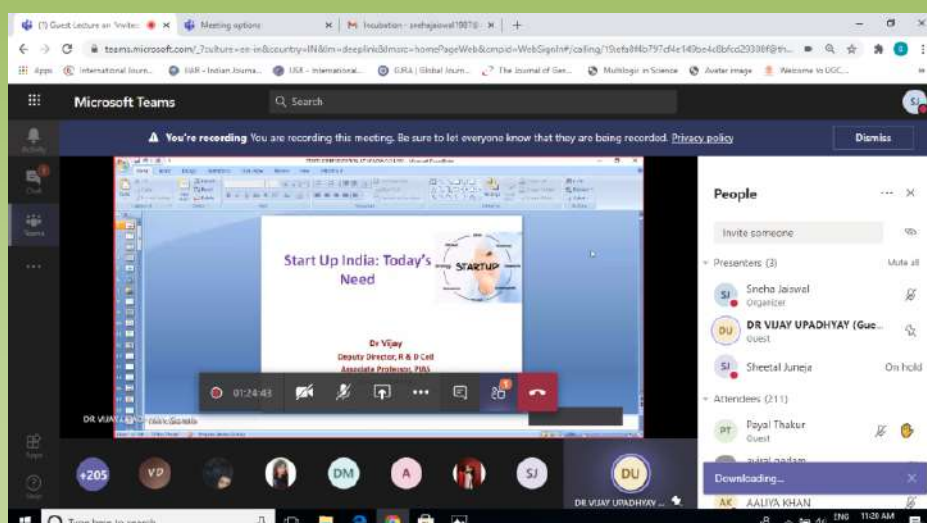

With concern to COVID – 19 pandemic, Department of Chemistry has organized a program on 13-03-2020 about awareness of washing hands by using sanitizer and also organized the demo on how to prepare alcohol based sanitizer by using materials which are easily available such as isopropyl alcohol or ethanol, hydrogen peroxide, glycerine, clove, eucalyptus, peppermint, or other essential oil. Students have shown interest in preparation of sanitizer and also became aware about washing of hands in current COVID 19 situation.

2020-21

WEBINAR – ‘ABC OF STARTUP INCUBATION’

A webinar entitled ‘ABC of startup incubation - From Student to Entrepreneur’ was organized by Incubation Cell with the support of IQAC Dhote Bandhu Science College in order to create awareness among students about startups, startup incubators, incubation process, innovation and entrepreneurship related activities, thus encouraging them to consider entrepreneurship as a career option. For this Dr. V. J. Upadhye, Deputy Director, Centre of Research for Development, Parul University, Vadodara, Gujarat, India was invited as guest speaker. 218 students have participated in the event including teachers.

PADSHALA

A workshop was organized by Incubation Center in association with Women's Cell in which girls were taught to make ecofriendly sanitary napkins at home easily using clean cotton clothes. It will not only help them to have safe self made Sanitray Napkins but also help to reduce the landfills filled with plastic coated Sanitary napkins.
