Feedback is an essential element of the learning process. The feedback collected has been analyzed and taken into the consideration for the development of curriculum, teaching-learning process and infrastructure.

Analysis of Teachers' Feedback

Feedback on various aspects of curriculum and infrastructure is sought from 28 faculty members of the college. The aspects such as coverage of both theoretical and practical components in the syllabus, the coherence of the syllabus with Programme Outcomes, focus on necessary technical/teaching skills, ensuring components that inculcate ethical values, reference books and journals, ICT facilities and conducive environment are covered in the feedback.
