“Those who do not remember the past are condemned to repeat it.”

History of any nation is its most valuable heritage. Without the knowledge of how we got freedom and how many sacrifices our ancestors made we would have no value of the freedom that we got. In the year 2021 India will celebrate its 75th Independence Day and on 12th March 2021, 91 years of Dandi March completed which was initiated by our father of the Nation Mahatma Gandhiji from Sabarmati Ashram to Dandi to break the salt law during the British rule. On this day our honorable Prime Minister Narendra Modiji has initiated a country wide celebration “Azadi ka Amrut Mahotsav” to rememorize the freedom struggle of India.

Azadi Ka Amrut Mahotsav' is an on-going celebration to commemorate the 75 glorious years of a progressive Independent India. Description of event

Diwali, the spectacular Hindu festival of lights is celebrated all over the country. The festival symbolizes the victory of light over dark, good over evil and knowledge over darkness. In olden days Diwali signified bringing of light and happiness around but presently Diwali is just a synonym to a night full of Crackers noise & smoke. There is a misconception that pollution due to Diwali crackers is only once-in-a-year event and so there is no need to worry about it. But bursting of firecrackers adds to pollution level and its health impacts remain for several days. To create awareness and to instill sense of responsibility a Diwali Awareness Programme was organized by NSS Unit of Dhote Bandhu Science College, Gondia under the supervision of Principal Dr. Anjan Naidu , Vice Principal Dr. Sanjay Timande & NSS Program Officer Dr. G. P. Gadekar sir. Programme Officer Dr Gadekar addressed the volunteers about making this Diwali ecofriendly & trying not to use firecrackers inspite of that they can lighten up more diyas to enjoy this festival of light and contribute towards the pollution control & safety of Nation. Volunteers took an initiative and came forward to not to fire up crackers & preserve the environment.

Description of event

India is a vibrant and diverse nation with many people of different castes and religions, speaking different languages are living together in complete harmony. National unity is significant for construction of a complete nation with the aim of “One India, Excellent India” (Ek Bharat Shrestha Bharat). It was aptly said by the Iron man of India Shri Vallabhbhai Patel “Manpower without Unity is not a strength unless it is harmonized and united properly, then it becomes a spiritual power”. Good relationship among the people of the nation is a binding force that brings peace and development and also enables us to unify against various threats of enemies. National Unity Day is an initiative celebrated every year to commemorate Sardar Vallabhbhai Patel’s birth anniversary. Sardar Patel was born on 31st of October in 1875 in Gujarat. He was first Home Minister and one of the founding fathers of the Republic of India. He was a great social leader who worked enormously for the integration of people to make India a united and independent nation. He united 565 princely states to give India her present identity. National Unity Day initiative was introduced by the Government of India and inaugurated by Prime Minister Narendra Modi in 2014. In an official statement for Rashtriya Ekta Diwas (National Unity Day) by the Ministry of Home Affairs quotes that the National Unity Day “will provide an opportunity to reaffirm the inherent strength and resilience of our nation to withstand the actual and potential threats to the unity, integrity and security of our country”. Run for Unity is a nationwide campaign organized to celebrate this occasion which signifies peace and harmony among the fellow citizens of the country. Unity in diversity will always remain the prime pillars for the effervescent democracy of our vast nation and a key to its global success.

On the Occasion of Birth Anniversary of ‘Sardar Vallabhbhai Patel’ NSS unit of Dhote Bandhu Science College organized ‘National Unity Day’ Programme under the supervision of Principal Dr.Anjan Naidu, Vice Principal Prof. Sanjay Timande, NSS Program Office Dr. G.P.Gadekar. This event will not only carry the message of “Unity in Diversity” but also permeate the youth with values assimilated by the knowledge and respect about the country’s diverse legacy. The throng of activities started with a pledge or oath taking ceremony that embarked the spirit of unity among the fellow students. The following pledge had been taken by the students: *“I solemnly pledge that I dedicate myself to preserve the unity, integrity and security of Nation and also strive hard to spread this message among my fellow countrymen. I take this Pledge in Spirit of unification of my country which was made possible by the vision and actions of late Sardar Vallabhbhai Patel. I also solemnly resolve to make my own contribution to ensure internal security of my Country”.*

Description of event:

Bird Watching is a form of wildlife observation in which the observation of birds is done with the naked eye, through a visual enhancement device like binoculars and by listening for bird sound. Birds in turn ensure that the environment is valued and protected. NSS Unit of Dhote Bandhu Science College, Gondia organized '**BIRD WATCHING**' activity in association with Zoological Society under the guidance of Principal Dr. Anjan Naidu, Vice Principal Prof. Sanjay Timande, NSS Program Officer Dr. G.P. Gadekar at Vidarbha's famous attraction spot Paraswada Lake for SARUS bird. Sarus crane is the tallest flying bird in the world with some adult males reaching up to 1.8 meters tall. These elegant birds have predominantly grey plumage with a naked red head & neck and long, pale red legs. Considered as a symbol of marital fidelity, they are believed to mate for life and pine the loss of their mates even to the point of starving to death. In Maharashtra State, they are only seen in Gondia District predominantly living in agricultural lands & are majorly spotted in Paraswada, Zhilmili & Ghattemani villages. Thus, the SARUS CRANES are unique to Gondia District & every efforts are been taken to conserve them.
