Report on Student Satisfaction Survey Session 2022-23

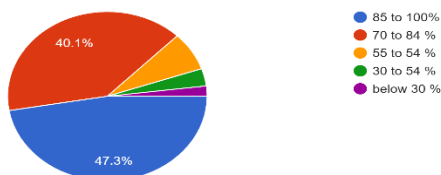

Students happen to be an integral part of the education system and they are the important stakeholders of higher educational institutions. Our college is committed to providing holistic education to our students who belong to socially and economically poor backgrounds. Nonetheless, we have state-of-the-art infrastructure, competent faculties, and an ambiance of research and we try to satisfy our students to the optimum level by standing up to their expectations. Having this resolution, we put forward the Student Satisfaction Survey every year. We prepare relevant questionnaires by following the guidelines of NAAC and send it to the students in their registered email. The responses received from the students are compiled and analyzed as well and the report is prepared and displayed on the college website.

Instructions for the students to fill out the questionnaire:

- All questions should be compulsorily attempted.
- Each question has five responses, choose the most appropriate one.

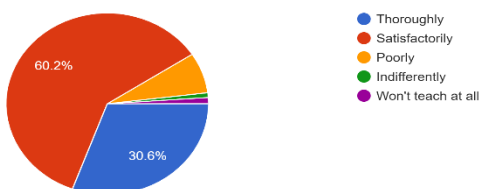

1. How much of the syllabus was covered in the class?

719 responses

2. How well did the teachers prepare for the classes?

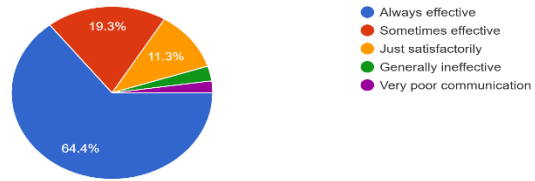

719 responses

719 responses

A screenshot of a Google Forms survey titled "Student Satisfaction Survey 2022-23". The survey is currently open to the "Responses" tab, showing 719 responses. The question displayed is: "21. Give three observation / suggestions to improve the overall teaching – learning experience in your institution..". Below the question, there are several text input fields for suggestions. The suggestions listed are: "Make teaching a two way interaction", "Use better graphics and visual media to engage students well ...", "Try to reach every student and ask for their doubts. ...", "Make teaching a two way interaction.", "Nice", "Excellent", "Everything is good", and "No suggestions". The survey is hosted on a Google account, and the interface includes standard Google Forms navigation and sharing options.

Degree Programme

719 responses

CONCLUSION

Having evaluated and gone through the students' level of satisfaction, it has been found that students have expressed their satisfaction to a large for the performance of faculties, conduction of activities, and infrastructure facilities. To be specific, students have shown their content on the syllabus, communication skills of teachers, internal evaluation process, promoting internship, students exchange program, field visit opportunities, mentoring process, organization of extracurricular activities, use of teachers' ICT tools, and the overall teaching-learning process. Hence, 80% of the students have extended their positive and satisfactory responses to almost all the points covered in the survey.
