1.Swachhta Pakhwada

Name of Event	Swachhta Pakhwada
Event Venue	Gram Pandharabodi
Event Objective	To raise awareness about the importance of cleanliness, sanitation and proper waste management practices.
Events Organized	Oath, Cleanliness drive, Door to Door Campaign, Awareness Rally
Date of Event	16 th to 31 st Aug 23
Participant Strength	87

DESCRIPTION OF THE EVENT

From August 16th to 31st August 2023, the NSS unit of Dhote Bandhu Science College, Gondia observed Swachhta Pakhwada, a fortnight long cleanliness campaign. The programme was organized under the guidance of Principal Dr Anjan Naidu, Vice-Principal Dr J.G. Mahakhode and NSS Programme Officer Dr G.P. Gadekar. The NSS volunteers actively participated in various activities to promote cleanliness and raise awareness about a clean and green environment. During the Swachhta Pakhwada, the NSS volunteers took the Swachhta Shapath, a pledge to uphold cleanliness and hygiene. They conducted a comprehensive cleanliness drive in adopted village Pandharabodi and the surrounding areas, ensuring a clean and hygienic environment for all.

A rally was organized, starting from the Gram Panchayat Bhawan and covering the entire Pandharabodi area. The purpose of the rally was to raise awareness about the significance of a clean and green environment in villagers. It provided an opportunity to engage the community and inspire them to participate actively in cleanliness initiatives. As part of the Swachhta Pakhwada, the volunteers had the opportunity to showcase their talents through plays and nukkad nataks (street plays). These performances aimed to spread awareness about cleanliness, environmental conservation, and the importance of individual contributions to maintaining a clean society.

Outcome: The Swachhta Pakhwada observed by the college from August 16th to August 31st, 2023, created awareness about the importance of a clean and green environment in villages and society. It inspired the community to actively engage in cleanliness initiatives and take responsibility for maintaining a clean society.

2. Gandhi Jayanti Celebration (Swachhta Bharat Abhiyan)

ACTIVITY REPORT

Name of Event	Gandhi Jayanti Celebration (Swachhta Bharat Abhiyan)
Event Venue	Gondia City, Village Pandharabodi
Event Objective	To remember his contributions to the freedom struggle of our country and his valuable message of peace, harmony, and non-violence on this day
Events Organized	Shramdaan, Rally, Street play
Date of Event	24 th September, 2023
Participant Strength	64

DESCRIPTION OF THE EVENT

NSS Unit of Dhote Bandhu Science College, Gondia organized various activities on the occasion of 154th Birth Anniversary of Mahatma Gandhi. NSS unit had conducted various activities between **16th Sep to 2nd Oct 2023**. Keeping this in mind, we organized Swachhta Hi Seva (Shramdaan), Rally, Street play (Nukkad Natak).

The NSS volunteers of Dhote Bandhu Science College, Gondia took active part in the rally on ‘**Non – Violence**’ & ‘**Gandhiji’s life and his work**’. The rally was organized by Akhil Bhartiya Bapu Yuva Sangathan. The main motive of this rally was to create awareness by celebrating the greatness of the Mahatma, and that everyone should take a pledge to adopt his way of life and principles of truth, empathy, humbleness, honesty and sincerity. A total of 75 NSS volunteers participated in this event.

Name of scheme	Red Ribbon Club (RRC) and Youth Red Cross Club (YRC)
Date of Event	4 th August 2023
Span of Event	1 day
Participant strength	75
Staff strength	01
Associated organisation	District AIDS Prevention and Control Unit (DAPCU), Kuwar Tilaksingh District General Hospital, Gondia under Maharashtra State AIDS Control Society (MSACS), Government of Maharashtra

Write-up of Extension activity on “HIV/AIDS: Take the Test & Take the Next Step.”

Red Ribbon Club (RRC), Youth Red Cross Club (YRC), Department of Microbiology & Biotechnology of Dhote Bandhu Science College, Gondia in collaboration with District AIDS Prevention and Control Unit (DAPCU), Kuwar Tilaksingh District General Hospital, Gondia under Maharashtra State AIDS Control Society (MSACS), Government of Maharashtra to create awareness about HIV/AIDS, it would be pleased and honored to hold an Extension activity on “HIV/AIDS: Take the Test & Take the Next Step”. Under the guidance of Principal Dr. Anjan Naidu, Head of the Department Prof. Sanjay Timande, District Supervisor Mr. Sanjay Jenekar, Red Ribbon Club (RRC) Coordinator Dr. Sandhya Tambekar Wanjari organized **Extension activity on “HIV/AIDS: Take the Test & Take the Next Step.”** with Jethabhai Maniklal Highschool, Civil line, District: Gondia involving girl students of the school. Total Nine trained members of Red Ribbon Club (RRC) and Youth Red Cross Club (YRC) can improve the knowledge of learners about causes and prevention of HIV/AIDS so that the girl students can function as peer educators both inside and outside the college and school campus. RRC Members and Counsellor Mr. Prakash Bopche, and Laboratory Technician Ms. Kavita Hatwar of Integrated Counselling and Testing Centre (ICTC), Bai Gangabai Women’s Hospital, Civil Lines, Gondia tells that HIV causes AIDS and interferes with the body's ability to fight infections. The virus can be transmitted through contact with infected blood, semen or vaginal fluids. Within a few weeks of HIV infection, flu-like symptoms such as fever, sore throat and fatigue can occur. Then the disease is usually asymptomatic until it progresses to AIDS. AIDS symptoms include weight loss, fever or night sweats, fatigue and recurrent infections. No cure exists for AIDS, but strict adherence to antiretroviral regimens (ARVs) can dramatically slow the disease's progress as well as prevent secondary infections and complications and this information is followed with the video tutorial. Total 46 school students, 7 RRC members, Head of the Microbiology & Biotechnology Department Prof. Sanjay Timande, Red Ribbon Club (RRC) Coordinator Dr. Sandhya Tambekar Wanjari, Counsellor Mr. Prakash Bopche and Laboratory Technician Ms. Kavita Hatwar of Integrated Counselling and Testing Centre (ICTC), Bai Gangabai Women’s Hospital, Civil Lines, Gondia actively participated in this **Extension activity**. The District AIDS Prevention and Control Unit (DAPCU), Kuwar Tilaksingh District General Hospital, Gondia expects cooperation from the institution in organizing such events. Members and Coordinator Dr. Sandhya Tambekar Wanjari of Red Ribbon Club put a great effort to the success of this event.

Training workshop, extension activity organised

■ District Correspondent
GONDIA, Sep 30

RED Ribbon Club (RRC), Youth Red Cross Club (YRC), Department of Microbiology & Biotechnology of Dhote Bandhu Science College, Gondia in collaboration with District AIDS Prevention and Control Unit (DAPCU), KTS District General Hospital, Gondia under Maharashtra State AIDS Control Society (MSACS), Government of Maharashtra organised a training workshop and extension activity on 'HIV/AIDS: Take the Test & Take the Next Step'.

The event was organised under the guidance of Principal Dr. Anjan Nankh, Head of the Department, Chaturvedi Choudhan, District Supervisor Sanjay Jankar, Headmaster Sanjay Agrawal, RRC and YRC

Glimpses of the workshop.

Co-ordinator Dr. Sandhya Tambekar organised training workshop and extension activity with the students of Jethabhai Maniklal High school, Civil line, District Gondia involving students of the school.

A total of 60 trained members of RRC and YRC will create awareness about the causes and prevention of HIV/AIDS so that the students can function as peer educators both inside and outside the college and school campus.

RRC Members and Counsellor Pratik Bhopale and Laboratory Technician Kavita Bhatwar of Integrated Counselling and Testing Centre (ICTC), Raj Gangabai Women's Hospital informed that HIV causes AIDS and interferes with the body's ability to fight infections. The virus can be transmitted through contact with infected blood, semen or vaginal fluids. Within a few weeks

of HIV infection, flu-like symptoms such as fever, sore throat and fatigue can occur.

The disease is usually asymptomatic until it progresses to AIDS. AIDS symptoms include weight loss, fever or night sweats, fatigue and recurrent infections. No cure at present has been discovered for AIDS, but strict adherence to Antiretroviral Regimens can dramatically slow the disease's progress as well as prevent secondary infections and complications and this information is followed with a video tutorial.

About 162 school students, RRC members, RRC and YRC Coordinator Dr. Sandhya Tambekar, Counsellor Pratik Bhatwar and Laboratory Technician Kavita Bhatwar actively participated in this workshop activity.

Women's Hospital, Civil Lines, Gondia say that HIV causes AIDS and interferes with the body's ability to fight infections. The virus can be transmitted through contact with infected blood, semen or vaginal fluids. Within a few weeks of HIV infection, flu-like symptoms such as fever, sore throat and fatigue can occur. Then the disease is usually asymptomatic until it progresses to AIDS. The training workshop concluded with a vote of thanks by Dr. Sandhya Tambekar Wanjari, Coordinator of the Red Ribbon Club (RRC) and Youth Red Club (YRC).

Span of Event	1 day
Participant strength	38
Staff strength	01
Associated organization	District AIDS Prevention and Control Unit (DAPCU), Kuwar Tilaksingh District General Hospital, Gondia under Maharashtra State AIDS Control Society (MSACS), Government of Maharashtra

Write-up of World AIDS Day

Regarding Maharashtra State AIDS Control Society, Government of Maharashtra, Wadala, Mumbai – 400 letter no. MSACS/university/IEC/19-20/4043-4093 dated 31/05/2019, 06/06/2019 and RTMNU letter dated 20/06/2019, Department of Microbiology & Biotechnology, Red Ribbon Club (RRC) and Youth Red Cross Club (YRC) of our institution undertake World AIDS Day on HIV/AIDS at Department of Microbiology & Biotechnology, Dhote Bandhu Science College, Gondia – 441614. World AIDS Day on HIV/AIDS prevention is a part of the students - learning process. Hence, in collaboration with the Antiretroviral department, Gondia to hold this program involving interested students and teachers of the Department of Microbiology and Biotechnology, Red Ribbon Club (RRC), and Youth Red Cross Club (YRC) of an institution. We believe that their invaluable experience, insights in the respective field and current position enlightened our students. Their thoughts and comments add an important dimension that gives an important vision for this field. Prof. D. A. Chouhan, Head of the Microbiology Department, Dr. Sandhya Tambekar Wanjari, Coordinator of Red Ribbon Club (RRC) and Members of Red Ribbon Club (RRC), and Youth Red Cross Club (YRC) present during the workshop. Participating students bear a good moral character and conduct and they were adequately informed to follow the discipline of our institution strictly.

Program Schedule

Regarding Maharashtra State AIDS Control Society, Government of Maharashtra, Wadala, Mumbai – 400031 Letter no. MSACS/university/IEC/19-20/4043-4093 dated on 31/05/2019, 06/06/2019 and RTMNU letter dated 20/06/2019, Red Ribbon Club (RRC) and Youth Red Club (YRC) been formed in our institution since 25th June 2019 conduct a World AIDS Day on HIV/AIDS under Red Ribbon Club and Youth Red Club (YRC) on 1st December 2023. Mr. Sanjay Jenekar, District Supervisor, Antiretroviral Therapy (ART) Department, KTS General Hospital, Gondia gave their consent to cooperate with this training workshop at the Department of Microbiology and Biotechnology at our college. Red Ribbon Club (RRC) and Youth Red Cross Club (YRC) can improve the knowledge of learners about the causes and prevention of HIV/AIDS so that female students can function as peer educators both inside and outside the college and school campus. RRC Members and Counsellor Mr. Prakash Bopche, and Laboratory Technician Ms. Kavita Hatwar of Integrated Counselling and Testing Centre (ICTC), Bai Gangabai Women's Hospital, Civil Lines, Gondia say that HIV causes AIDS and interferes with the body's ability to fight infections. The virus can be transmitted through contact with infected blood, semen or vaginal fluids. Within a few weeks of HIV infection, flu-like symptoms such as fever, sore throat and fatigue can occur. Then the disease is usually asymptomatic until it progresses to AIDS. The training workshop concluded with a vote of thanks by Dr. Sandhya Tambekar Wanjari, Coordinator of the Red Ribbon Club (RRC) and Youth Red Club (YRC).

7. World Environmental Day

Name of Event	World Environmental Day
Event Venue	Biodiversity Park, Kudawa, Kudawa
Event Theme	Beat Plastic Save Environment
Event Objective	To Bring awareness
Events Organized	Seminar, Forest Visit
Date of Event	5 th June 2023
Participant Strength	54
Staff Strength	20
Associated Organization	Forest Department of Maharashtra, Gondia division

DESCRIPTION OF THE EVENT

Dhote Bandhu Science college celebrated World Environment Day by organizing one day Seminar and Discussion Session on Topic “Beat Plastic Save Environment” with Forest Department Gondia Division, Gondia. The program was organised under the able guidance of Principal Dr. Anjan Naidu. In his inaugural address Dr. Naidu stated “Nation’s richness is counted by presence of Rich Biodiversity they have”. He thanked Forest department and Local NGOs for their activities conducted to protect and conserve Environment. The programme started by taking Meri Life Pledge, as per the guidelines provided by Govt. of Maharashtra where all students along with Forest officials took the pledge.

Expert Panellist Shri. Pradip Patil Assistant Conservator Maharashtra Van Vibhag Gondia Division, Shri Raju Sadgir ACF Gondia Division, Shri Mukund Dhurve Director Nisarg Mandal NGO were present on the dias.

Shri Pradip Patil in his address through light on conserved and protected Forest area of Gondia District and Vidarbha region and urged people's participation in conserving and protecting it. He said about 49 percent of Forest area of Gondia district is rich in biodiversity and needs protection against poaching and other antisocial elements. He appeals people to reduce plastic use and extend hands to save the environment.

Shri Sadgir sir mentioned about the importance of 4Js i.e Jal, Jungle, Jamin and Jan and need to conserve them from Plastic pollution.

To conserve species and their habitat restoration and minimise plastic articles is today's urgent need to protect our environment was said by Shri Mukund Dhurve, Director Nisarg Mandal NGO.

Technical session was followed by questionnaire session in which queries were explained in details by Eminent speakers.

Vice principal Prof. Sanjay Timandey, Dr. Manoj Patle, IQAC coordinator, Dr Mahesh Kawle, Prof. Prashant Shahare, Mr. Akshay Khediker Botany and other staff members worked hard and extended their valuable cooperation for the success of program.

About 50 students and stakeholders participated in the program*.

ECO Club, coordinator Dr K. P. Ghoshal conducted the program and of thanks was proposed by Ms. Akansha Bhalekar RFO Gondia.

Dhote Bandhu Science College holds plantation

■ District Correspondent
GONDIA, Aug 24

ECO club unit and Department of Botany of Dhote Bandhu Science College organised a plantation drive at Mahadev Pahadi of village Ratnara with an objective of creating awareness for sustainable environment, environment conservation and upgradation.

The plantation drive was organised in support with the Forest Department under the guidance of Principal Dr Anjan Naidu. RPO Azmi guided students on the importance of Plantation as well as techniques regarding protection and survival of saplings.

He urged student groups to take responsibility for at least 5 saplings and their survival.

Forest Guard Nagpure helped students plant a total of 100 saplings. Various plants like pipal, Mango, neem, katha were plant-

Glimpse of the plantation drive.

ed on the occasion. Vice principal Dr Jayant Mahakhode, Sarpanch Damaha, programme co-ordinator Dr K P Ghoshal, Prof Akshay Khedkar, faculty members Rajni Maske, Priya Kumbhar, Toshika

Thare, Ram Shelke and students actively participated in the plantation drive.

Department of Botany staff and students worked hard for making the drive successful.

Name of scheme	Red Ribbon Club (RRC) and Youth Red Cross Club (YRC)
Date of Event	12th January 2024
Span of Event	1 day
Participant strength	177
Staff strength	13
Associated organization	District AIDS Prevention and Control Unit (DAPCU), Kuwar Tilaksingh District General Hospital, Gondia under Maharashtra State AIDS Control Society (MSACS), Government of Maharashtra

Write-up of Extension activity on “Hand Hygiene”

Red Ribbon Club (RRC), Youth Red Cross Club (YRC), Department of Microbiology & Biotechnology of Dhote Bandhu Science College, Gondia collaboration with District AIDS Prevention and Control Unit (DAPCU), Kuwar Tilaksingh District General Hospital, Gondia under Maharashtra State AIDS Control Society (MSACS), Government of Maharashtra to create awareness about “Hand Hygiene” hold an Extension activity on “Hand Hygiene” on the occasion of National Youth Day. Under the guidance of Principal Dr. Anjan Naidu, Head of the Department Mr. Dharamveer Chouhan, District Supervisor Mr. Sanjay Jenekar, Headmaster Mr. Sanjay Agrawal, Red Ribbon Club (RRC) and Youth Red Cross Club (YRC) Coordinator Dr. Sandhya Tambekar Wanjari organized Extension activity on “Hand Hygiene” with Jethabhai Maniklal Highschool, Civil line, District: Gondia involving students of the school on the occasion of National Youth Day. A total of seventeen trained members of the Red Ribbon Club (RRC) and Youth Red Cross Club (YRC) can improve the knowledge of learners about the causes and prevention of hazardous diseases so that the school students can function as peer educators both inside and outside the school campus. RRC Members and Dr. Sandhya Tambekar Wanjari, Gondia said the significance of National Youth Day (Swami Vivekananda Jayanti) lies in its ability to encourage the younger generation to reflect on Swami Vivekananda’s teachings and apply them in their lives. His emphasis on the development of physical, mental, and spiritual strength aligns with the aspirations of modern youth who are navigating a rapidly changing world. The day serves as a reminder of the potential within each young mind to contribute positively to society, foster unity, and uphold the values that Swami Vivekananda espoused. Hand hygiene is cleaning one's hands that substantially reduces potential pathogens (harmful microorganisms) on the hands. Hand hygiene is considered a primary measure for reducing the risk of transmitting infection among patients and healthcare personnel. Regular handwashing is one of the best ways to remove germs, avoid getting sick, and prevent the spread of germs to others. Whether at home, at work, travelling, or out in the community, find out how handwashing with liquid soap and water can protect you and your family.

Program Schedule

Regarding Maharashtra State AIDS Control Society, Government of Maharashtra, Wadala, Mumbai – 400031 Letter no. MSACS/university/IEC/19-20/4043-4093 dated 31/05/2019, 06/06/2019 and RTMNU letter dated 20/06/2019, National Youth Day is Celebrated by Dhote Bandhu Science College, Gondia.

A total of 160 school students, 13 school teachers, RRC members, Red Ribbon Club (RRC), and Youth Red Cross Club (YRC) Coordinator Dr. Sandhya Tambekar Wanjari actively participated in this Extension activity. Jethabhai Maniklal Highschool, Civil line Branch, District: Gondia, Maharashtra, India expresses its deep sense of satisfaction to the Red Ribbon Club (RRC), Youth Red Cross Club (YRC), and Department of Microbiology & Biotechnology of Dhote Bandhu Science College, Gondia for its generous and profound cooperation and appreciates its resourcefulness. The District AIDS Prevention

and Control Unit (DAPCU), Kuwar Tilaksingh District General Hospital, Gondia, and Jethabhai Maniklal Highschool, Civil line, District: Gondia, Maharashtra, India expect cooperation from the institution in organizing such events in the future. Members and Coordinator Dr. Sandhya Tambekar Wanjari of Red Ribbon Club put a great effort into the success of this event.

Real Business Cycle (RBC) model results are shown in Table 1 (left). The model is solved using the standard procedure of log-linearizing the first order conditions around the steady state. The results show that the model is able to replicate the main features of the data. The steady state growth rate is 2.5%, which is close to the 2.3% growth rate in the data. The model also replicates the main features of the business cycle, such as the correlation between output and consumption, and the response of output to a shock in technology.

Dhote Bandhu College holds events on National Youth Day

By District Correspondent
GONDIA, Jan 17

RED Ribbon Club (RRC), Youth Red Cross Club (YRCC), Department of Microbiology & Biotechnology of Dhote Bandhu Science College, Gondia in collaboration with District AIDS Prevention and Control Unit (DAPCU), Kaveri Thakur Singh District General Hospital, Gondia under Maharashtra State AIDS Control Society (MSACS), Government of Maharashtra organized a programme to create awareness about Hand Hygiene' hold an Extension activity on "Hand Hygiene" to celebrate National Youth Day.

Under the guidance of Principal Dr. Sanjay Agravat, Head of the Department of Microbiology & Biotechnology, District Supervisor Sanjay Agravat, Headmaster Sanjay Agravat, Red Ribbon Club (RRC) and Youth Red Cross Club (YRCC)

Dhote Bandhu College teachers and student at an event.

Coordinator Dr. Sandhya Tambekar Warjati organized Extension activity on "Hand Hygiene" with Jethabhai Maniklal High School, Civil Line, Gondia, involving students of the school on the occasion of National Youth Day.

A total of seventeen trained members of the Red Ribbon Club (RRC) and Youth Red Cross Club (YRCC) can improve the knowledge of learners about the causes and prevention of hazardous diseases so that the school students can

function as responsible citizens inside and outside the school campus. RRC Member and Dr. Sandhya Tambekar Warjati, Gondia said the significance of National Youth Day (twentieth Vaisakhi) lies in its ability to encourage the younger generation to reflect on their values and beliefs and apply them in their lives. His emphasis on the development of physical, mental, and spiritual strengths aligns with the aspirations of modern youth who are navigating

a rapidly changing world. The day serves as a reminder of the potential within each young mind to contribute positively to society, foster unity, and uphold the values that Swami Vivekananda espoused. Hand hygiene is cleaning one's hands that substantially reduces potential pathogens (harmful microorganisms) on the hands. Hand hygiene is considered a primary measure for reducing the risk of transmitting infection among patients and healthcare personnel.

Regular handwashing is one of the best ways to remove germs, avoid getting sick, and prevent the spread of germs to others. Whether at home, at work, traveling, or out in the community, find out how handwashing with liquid soap and water can protect you and your family. Jethabhai High School, Gondia, expects cooperation from the Institution in organizing such events in the future.

Members and Coordinator Dr. Sandhya Tambekar Warjati of Red Ribbon Club put great efforts into the success of this event.

Members and Coordinator Dr. Sandhya Tambekar Warjati of Red Ribbon Club put great efforts into the success of this event.

Press Coverage

Name of the extension activity:

10. COMMUNITY AWARENESS PROGRAM ON MOSQUITO BORNE DISEASES

Date of activity: 20/03/2024

Class for which activity conducted: B.Sc. Sem IV and VI (Microbiology and Biotechnology)

Number of Student participated: 20

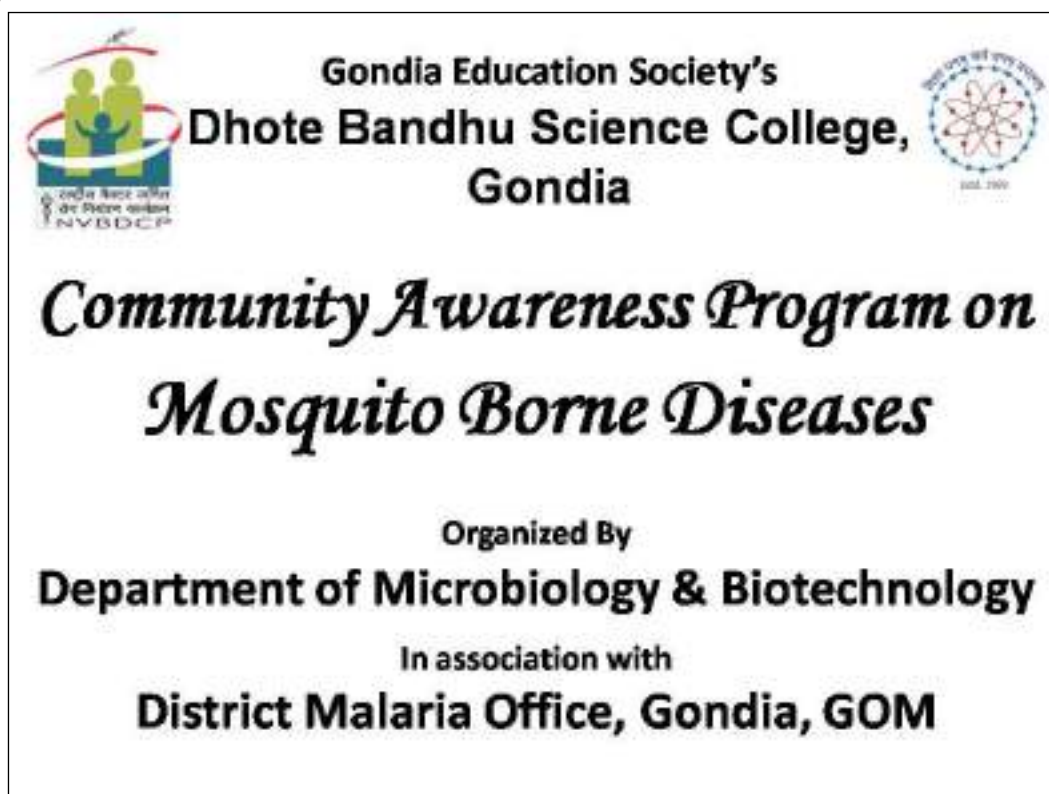

About the event:

In this event, the student learning activity on 'Detection of Mosquito Borne Diseases' was carried out at the institution in which the team of trainers (from District Malaria Office, Gondia) has provided the guidance on 'Prevention and Control of Mosquito Borne Diseases', measures to eliminate every cause that helps in multiplication of the mosquitoes along with the details of parasitic life cycles, various techniques used to diagnose malaria and filaria.

Then the Community Awareness Program was conducted by these trained students and teacher in charges along with the DMO team at the area Pendharitola, a slum near Kudwa Chowk, Gondia in order to percolate the information to the people living in there and hence tried to create awareness amongst them for the prevention and control Mosquito Borne Diseases.

The common questions included whether they are aware of breeding sites, do they sleep in open, do they cover the water storage containers with lids, do they are aware of the medical care places where free blood checking and free treatment is available, etc. The DMO team and students carried out the blood tests on the field of the people having fever to check whether they are suffering from malaria using the diagnostic kits carried by them. Students have also checked the houses for the presence of breeding sites & unclean water storage containers. They persuaded the people about keeping their house and surrounding area clean and the medical care centers where they can seek free medical treatment.

Name of scheme	➤	Girl Child Rights
Date of event	➤	29 th October, 2023
Span of event	➤	8.00 to 11.00 am
Participant strength	➤	55
Staff strength	➤	02
Associated organization	➤	Govt. of Maharashtra's Women's & Child Development Department, Zilla Parishad, Gondia

Extension Activity on “Save Daughter Educate Daughter”

The existence of [human life on the earth](#) is impossible without the equal participation of both women and men. They are equally responsible for the survival of humans on the earth. They are also liable for the development and growth of a nation. However, the existence of women is far more important than men. Because without her we cannot think about our existence. So, to save humans from extinction we must take measures to save girl children. For saving girl child the government has taken many initiatives and launched many campaigns to save them. Beti Bachao, Beti Padhao (Save the Girl Child) is the most recent initiative started by the government to actively encourage people to save the girl. People need to understand that girls need a better quality of life along with proper education and care. To spread this message, the extension activity on “**Save Daughter Educate Daughter**” was successfully organized on October 29, 2023, at Pandharabodi, Gondia by the Gondia Education Society's, Department of Chemistry & National Service Scheme, Dhote Bandhu Science College, Gondia in collaboration with Government of Maharashtra's Women's & Child Development Department, Zilla Parishad, Gondia under the able guidance of Principal Dr. Anjan Naidu. The activity started with an awareness rally and door-to-door campaign at Gram Pandharabodi by the Program Coordinator Dr. Kishor M Hatzade and Dr. G. P. Gadekar NSS Coordinator, D. B. Science College, Gondia. The main objective of this extension activity was to* provide fundamental information to society about this important social issue and to make them aware of the importance of the Girl Child. With the co-operation of Mr. Sanjay Ganvir, Deputy CO, Zilla Parishad, Gondia along with the hard work of program In-charge Dr. Kishor Hatzade, Dr. G. P. Gadekar, and students of B.Sc. I (PCM & CBZ group) of D. B. Sci. College, Gondia made the extension activity and awareness program a grand success.

12. Awareness of Population control with ASHA worker

ACTIVITY REPORT

Name of event	➤	Awareness of Population control with ASHA worker
Event Venue	➤	Deutola, Gondia
Event organizer	➤	Mrs. Ashwini Meshram
Name of scheme	➤	Population control
Date of event	➤	5 th April, 2024
Participant strength	➤	50
Staff strength	➤	02
Associated organization	➤	Gram Panchayat Deutola and ASHA worker

Introduction: In an effort to contribute to community development and address pressing issues such as population control, our college initiated a collaborative program with a nearby village. This program aimed to engage with the local community, particularly focusing on education and awareness about population control measures. As part of this initiative, our college partnered with Accredited Social Health Activists (ASHA) workers, who play a crucial role in delivering healthcare services at the grassroots level.

Objectives:

- Educate villagers about the importance of population control and family planning.
- Provide access to information and resources related to contraceptive methods and family planning.
- Foster a collaborative approach between the college, ASHA workers, and the community to address population-related issues.
- Empower villagers, particularly women, with knowledge and decision-making abilities regarding reproductive health.

Outcome:

- Empowerment of Women: Through targeted interventions and discussions, women in the village felt more empowered to make informed decisions regarding their reproductive health.
- Strengthened Community Bonds: The program facilitated stronger bonds between the college, ASHA workers, and the village community, fostering a sense of solidarity in addressing shared challenges.
- Sustainable Impact: By equipping villagers with knowledge and resources, the program aimed to have a lasting impact on population control efforts in the community.

Conclusion: The collaborative outreach program between our college, ASHA workers, and the village community exemplifies the potential of collective action in addressing complex societal issues. By harnessing the power of education, awareness, and community engagement, we can contribute to sustainable development and positive change.

DESCRIPTION OF THE EVENT

Water is the essence of life, a finite resource indispensable for the survival of all living beings and ecosystems. However, the alarming rate of its depletion and pollution poses a grave threat to both human existence and the environment. The campaign to "Save Water, Save Environment" is not merely a slogan but a call to action to safeguard our planet's most precious resource and preserve the delicate balance of nature.

Strategies for Water Conservation:

1. Promoting Water-Efficient Practices: Encourage the adoption of water-saving efficient appliances.
2. Education and Awareness: Raise awareness about the importance of water conservation through public campaigns, educational programs, and community outreach initiatives.
3. Policy Interventions: Implement water management policies and regulations to promote responsible water usage and prevent water pollution.
4. Water Recycling and Reuse: Promote the recycling and reuse of wastewater for non-potable purposes such as irrigation, industrial processes, and groundwater recharge.
5. Individual Action: Encourage individuals to take simple steps to conserve water in their daily lives, such as fixing leaks, reducing water wastage, and practicing water-saving habits.
6. technologies and practices such as drip irrigation, rainwater harvesting, and water-

In this regard we took cycling activity to give message of not using so much vehicles so that our environment become safe. In the above said activity total 66 students were participated. This activity is done under the guidance of Principal Dr. Anjan Naidu, Vice-principal Dr. J. J. Mahakode, Dr. S.K. Paliwal, Dr. M. V. Kawle, Dr. G. P. Gadekar, Dr P. C. Shahare, Dr. M. R. Patle our college conducted the SAVE WATER, SAVE ENVIRONMENT programme under the supervision of In-charge Dr. B. N. Baghele, as a part of Extention Activity on dated 12th March 2024

15. CYBER SECURITY AND AWARENESS

Extension Activity Report

Name of event : - Cyber Security and awareness
Event organizer : - Mr R. P. Shelke
Date of event : - 25-04-2024
Participant's strength : - 60
Event Place : - Fulchur high School Fulchur

Event Description:

Cyber Security and awareness programme was organized at Fulchur high School Fulchur. In this program we aware the students from internet thread. Internet inevitably has become of paramount importance. We all feel the need for the internet in all walks of life. In the field of education, the internet is extremely important and is consistently growing as well. Especially after the pandemic hit us, the usage of the internet became an exclusive part of our lives and in matters of education, it became a saviour. Life had changed entirely during the pandemic as well as post-pandemic. Children were solely reliant on the internet to learn from school also. It is a matter of worry for parents as well, to try and keep track of children's daily activities and check that they do not fall prey to any internet scams. Cyber Security and awareness program help to the school students to aware from cyber thread.

16. Extension activity on Digital India

Introduction:

The Digital India Awareness Program, organized by D.B. Science College, Gondia in association with Gram Panchayat Deotola, Gondia aimed to educate and empower the residents of Deotola village about the benefits and opportunities offered by digital technologies.

Objectives:

- To raise awareness about the Digital India initiative launched by the Government of India.
- To educate the residents of Deotola village about the various digital services available for their benefit.
- To promote digital literacy and skill development among the villagers.

Activities Undertaken:

- UG Students from D.B. Science College organized workshops and interactive sessions on the Digital India initiative.
- They conducted demonstrations on using digital platforms for accessing government services, online banking, and e-commerce.
- Hands-on training sessions were facilitated for using smartphones, computers, and the internet effectively.

Outcomes:

- Increased awareness among villagers about the Digital India initiative and its objectives.
- Improved access to government services and information through digital platforms.
- Enhanced digital literacy skills among participants, enabling them to utilize digital tools for various purposes.
- Positive feedback and enthusiasm from the community members towards embracing digital technologies.

Challenges Faced:

- Limited access to digital infrastructure such as internet connectivity in certain areas of the village.
- Resistance to change and apprehension among some community members regarding adopting digital practices.
- Language barriers in conveying technical information to participants who were not proficient in the national language.

Lessons Learned:

- The importance of addressing infrastructure challenges to ensure equitable access to digital resources.
- The need for tailored communication strategies to effectively engage diverse groups within the community.
- The significance of continuous follow-up and support to reinforce digital skills acquired during the program.

Recommendations:

- Collaborate with local authorities to improve digital infrastructure, including internet connectivity, in underserved areas.
- Develop targeted outreach programs in regional languages to cater to diverse linguistic backgrounds.
- Establish community-led support mechanisms to provide ongoing assistance and guidance on digital literacy and usage.

Conclusion:

The Digital India Awareness Program in Deotola village, Gondia was organized by students of D.B. Science College under the guidance of faculty in charge, has laid a foundation for promoting digital inclusion and empowerment among rural communities. By leveraging digital technologies, we can bridge the digital divide and pave the way for socio-economic development in rural India.

17.Cashless Transaction Awareness Program

Date: April 30, 2024

Venue: India Post payment bank and Nearby community areas in Gondia

Organized by:

- **Miss. Khushboo Pardhi,**
Assistant Professor
Department Of Chemistry
D. B. Science College, Gondia.
- **India Post Payment Bank, Gondia Branch**

Participants:

- 20 B.Sc. students from D. B. Science College Gondia
- Staff members from India Post Payment Bank, Gondia
- Community members

Objective of the conducted extension activity was to create awareness about cashless transactions and promote digital financial literacy among the local community.

Department Of Chemistry, D. B. Science College Gondia, in collaboration with India Post Payment Bank Gondia, conducted a one-day extension activity focused on promoting cashless transactions. Twenty B.Sc. students from the college actively participated in this community outreach program.

Activities Conducted:

1. Orientation Session: Students were briefed about various cashless payment methods and their benefits by experts from India Post Payment Bank.
2. Community Interaction: Participants were divided into small groups and visited local shops, small businesses, and residential areas to educate community members about digital payment options.
3. 3
4. Demonstration: Students, assisted by bank employees, demonstrated the use of various digital payment apps and methods to interested community members.
5. Q&A Sessions: Community members were encouraged to ask questions about cashless transactions, which were addressed by the students and bank representatives.

Outcomes of the activity includes:

- Increased awareness about cashless transaction methods among local community members.
- Enhanced practical knowledge of digital financial services for participating students.
- Strengthened collaboration between D. B. Science College Gondia and India Post Payment Bank.
- Positive feedback from community members regarding the initiative.

The extension activity successfully achieved its goal of promoting cashless transactions and digital financial literacy. The hands-on experience gained by the students will contribute to their overall development and understanding of real-world financial systems.

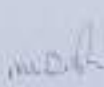

CERTIFICATE OF EXTENSION ACTIVITY

This is to certify that Dhote Bandhu Science College, Gondia has extended its valuable collaboration to India Post Payment Bank, Gondia in organizing an Extension Activity on the topic "Awareness program on Cashless transaction" on 30th April, 2024. The college took a tremendous initiative by providing immense physical and technical support in accomplishing the event. Staff members and students participated actively in the event.

India Post Payment Bank, Gondia expresses its deep sense of satisfaction and thankfulness to Dhote Bandhu Science College, Gondia for its generous and selfless cooperation and assistance in realization of India Post Payment Bank, Gondia expects the best of collaborative activities in future.

Certificate of Recognition

We feel honoured to organize an extension activity entitled "Awareness program on Cashless transaction" in collaboration with Dhote Bandhu Science College, Gondia on 30th April, 2024.

Governments of India's India Post Payment Bank immensely appreciates the tremendous efforts taken by Dhote Bandhu Science College, Gondia for successfully organizing the Extension Programme for enhancing the awareness of stakeholders of the institution as well as the society.

We express our hearty thanks for making us a part of this programme and request same sort of activities in the coming days.
